4th May 2026

To Whom It May Concern,

It is my pleasure to recommend Pesha Geofrey, a student at Agahozo Shalom Youth Village (ASYV), where I serve as Students' Life Manager.

Geofrey is a talented and dedicated young musician with strong skills in music production, piano, and live band performance. He served as the President of the ASYV Live Band, where he led rehearsals and coordinated performances during Village Time and other events, contributing to the growth and quality of the group.

He is also actively involved in music production, having helped release several tracks featuring ASYV artists. In addition, he has supported peers as an Ingabe Music Production class teacher, demonstrating leadership, creativity, and the ability to share knowledge effectively.

Geofrey is disciplined, hardworking, and passionate about music. I strongly recommend him for the ISOMO Summer Camp in Music Production and Piano, as I believe he will both benefit from and contribute greatly to the program.

Sincerely,
Schadrack Niyonzima
